SKILLS

Languages:	C++, Python, C, Java
Frameworks:	HTML, Tailwind CSS, JavaScript, React, Node.js, Express.js
Tools/Platforms:	MySQL, MongoDB, Git, Git hub, Docker, Figma
Soft Skills:	Problem-Solving Skills, Team Player, Project Management, Time and Task Prioritization

PROJECTS

Water Dashboard System – Smart Water Monitoring Analytics Platform| GitHub Jun 2025 – Nov 2025

- Full-stack web platform for tracking, analyzing, and visualizing water usage metrics through a centralized dashboard interface.
- Dynamic data visualization using React.js with charts and graphical components to highlight consumption patterns and trends.
- **Tech Stack:** React.js, Node.js, MongoDB, HTML, CSS, JavaScript, REST APIs, Data Analytics, Responsive Design

Insta Jobs – Modern Job Listing & Recruitment Web Platform | GitHub Sept 2024 – Oct 2024

- Built a responsive job portal where users can browse job listings, filter them by category and location, and view complete job details.
- Designed reusable React components for job cards, search forms, and navigation, ensuring a modular and maintainable codebase.
- **Tech Stack:** React.js, Tailwind CSS, JavaScript, Responsive UI Design.

Disk Monitoring System – System Health & Storage Tracker | GitHub Aug 2023 – Sep 2023

- Engineered a web-based disk monitoring application to visualize real-time storage consumption, remaining capacity, and system health indicators.
- Created a visualization-driven dashboard using HTML, CSS, and JavaScript to track disk performance, analyze consumption trends, and highlight critical storage levels.
- **Tech Stack**: HTML, CSS, JavaScript, PHP, Web-based UI, Real-Time Data Visualization

TRAINING

Health & Mental Wellness Simulator | GitHub Apr 2025 – Jul 2025

- Developed an interactive console application that simulates daily well-being by tracking energy, happiness, and stress levels based on user activities.
- Implemented OOP-based architecture, activity effects, and random daily events using mt19937 to mimic real-life unpredictability and behavioral changes.
- **Tech Stack:** C++, OOP, STL (vector, map, random), Console Application

CERTIFICATES

- Privacy and Security in Online Social Media | NPTEL Certification | **Certificate** Nov 2025
- TCS ION Career Edge – Young Professional | TCS | **Certificate** Oct 2024
- Responsive Web Design | FreeCodeCamp | **Certificate** Oct 2023
- Problem solving Basic | Hackerrank | **Certificate** Oct 2023

ACHIEVEMENTS

- LeetCode**:** 400+ problems solved, 5 badges earned, 85+ day streak. Nov 2025
- GeeksForGeeks: 100+ problems solved, covering core topics of data structure. Sept 2024
- Code360**:** Practiced coding problems across multiple DSA topics Aug 2023

EDUCATION

- Lovely Professional University Phagwara, Punjab
  Bachelor of Technology Computer Science and Engineering Apr 2023 – Present
  CGPA: 7.3
- Meerut Public School Meerut, UttarPradesh
  Intermediate Apr 2022 – Mar 2023
  Percentage: 81%
- Meerut Public School Meerut, UttarPradesh
  Matriculation Apr 2020 – Mar 2021
  Percentage: 90%
